

Summer Investment Analyst

Responsibilities:

We are currently recruiting a summer investment analyst to join our Multi-Asset Investment Team. The team is responsible for researching securities and hedging instruments for inclusion in our portfolios. The summer investment analyst will spend his/her time at Orbis fulfilling the role of a full-time investment analyst. This role will include in-depth company analysis and financial modelling, as well as research into geopolitical and macro-economic issues, bond covenants and provisions, and bankruptcy and restructuring-related legal matters affecting the value of potential investments.

Qualifications:

We are seeking a student currently pursuing a JD at a top-tier U.S. law school with an expected graduation date in spring/summer 2020. The successful applicant will have an outstanding academic record and must have experience in a bankruptcy-related field before joining us for the summer—either through academics or work experience. In addition, the successful applicant must possess a strong mathematical background, with demonstrable financial modelling skills and strong proficiency in Excel. Demonstrably strong written communication skills are also necessary. International experience and an interest in geopolitics and macroeconomics are desirable. Candidates should possess strong intellectual curiosity and a desire to learn about many non-finance related fields; the crucial questions on which successful investments turn often have nothing to do with finance and everything to do with understanding an industry, company, or political phenomenon.

What We Offer:

We strive to attract talented individuals who have demonstrated the ability to excel in a challenging environment; the remuneration package will reflect this and will be heavily influenced by performance.

Instructions for Application:

If you believe that you possess the experience and have the potential required to excel in this role, please apply in writing with a detailed résumé and cover letter to opportunities@orbis.com or hand deliver an application to:

The Company:

Orbis is a global, privately owned investment firm, managing in excess of \$30 billion of assets, headquartered in Bermuda with offices across four continents and over 400 professionals. We have been creating long-term value for our clients since 1990. Our investment philosophy is fundamental, long-term and contrarian, and we are uniquely structured to encourage bold but considered decisions, even in times of stress. As a firm, our business model requires us to deliver meaningful outperformance to our clients.

We believe that to generate better long-term returns than the market, you need to do things differently to others in it.

Do you?
